World-renowned speakers, the most recent advancements and the newest updates in Obstetrics, Gynaecology and Pediatrics fields are hallmarks of this conference.

- Lectures by active practitioners
- Keynote forums by Prominent Professors, Doctors
- Open Innovation Challenges
- Poster presentations by Young Researchers
- Global Networking sessions with 50+ Countries
- Novel techniques to benefit your research
- Best platform for Global business and Networking opportunities
- Meet the editors of referred journals, Society and Association members across the Globe
- Excellent platform to showcase the latest products and formulations in Pediatrics

**Target audience**

- Child care Researchers
- Obstetricians & Gynecologists
- Pediatric Scientists
- Pediatric Oncologists
- Neonatologists
- Pediatric Researchers
- Pediatric Associations and Societies
- Women Associations and Societies
- Pediatric Faculty
- Pediatric Physicians
- Pediatric Specialist’s
- Data Management Companies
- Training Institutes
- Business Entrepreneurs
- Manufacturing Medical Devices Companies

**Good Reasons to Attend**

- 50+ Presentations
- 150+ Participants
- 15+ Countries
- Post Conference Tour
Keynote Talks

Marzia Lazzerini
Director, WHO Collaborating Centre for Maternal and Child Health- Trieste, Italy
Presentation Title: Incorporating the evaluation of women’s and health staff’s views in assessing the quality of maternal and newborn hospital services: A multi-center project based on the WHO Standards

Emmanuel Ankrah Odame
AG. Director PPME, Ministry of Health-Ghana, Ghana
Presentation Title: Universal Health Care (UHC) roadmap in Ghana - Myth or Reality

Shakuntala Chhabra
CEO - Aankhsha Women & Child Welfare Centre
Presentation Title: Nine months, nine and more fatal disorders during pregnancy, birth and post birth: The persisting challenges in Obstetrics

Dr. h.c. Adolf E. Schindler
Director, Institute for Medical Research and Education, Essen
Prevention and treatment of pregnant women disorders with progestogens

Dick Tibboel
Sophia Children’s Hospital, Netherlands
Presentation Title: Long term follow up of major congenital anomalies; an integrated and interdisciplinary approach

Jacques S. Abramowicz
Professor and Director, Department of Obstetrics and Gynecology, University of Chicago, USA
Presentation Title: 3D ultrasound in obstetrics and gynecology-is it time for routine use?

Lucia Romeo
Milan University, Children Buzzi Hospital, Italy
Presentation Title: Child psychological abuse: how to detect it and what are its consequences on child development

Michael Stark
President, The New European Surgical Academy (NESA), Berlin, Germany
Presentation Title: An Evidence Based Cesarean Section for Universal Use
Presentation 1: Efraim Bilavsky
Schneider Children’s Medical Center, Israel
“Congenital CMV - from prevention to treatment”

Presentation 3: Philip Henschke
Mercy Hospital for Women, Australia
“Appropriate ventilation management to prevent brain injury in premature infants”

Presentation 5: Marcia Andreia Conceicao
University of Oporto, Portugal
“Contribution for detailed clinical model focused on child delivery”

Presentation 7: Anne E. Borgmeyer
St. Louis Children’s Hospital, USA
“Barriers to Adherence in Pediatric Asthma: Using Simulation to Improve the Providers Ability to Educate Patients and Families”

Presentation 9: Renato Martins Nunes
Central Hospital of Lisbon, Portugal
“Sex Differences in Burnout and Coping in Internal Medicine Trainees”

Presentation 11: Kathleen Baggett
Georgia State University, USA
“A mobile web-based intervention for parents and infants exiting NICU: Results of a randomized controlled trial”

Presentation 13: Bruno Mozzanega
University of Padua, Italy
“UPA and LNG in emergency contraception: The information by EMA and the scientific evidences indicate a prevalent anti-implantation effect”

Presentation 15: Michael Stark
New European Surgical Academy, Germany
“An Evidence Based Cesarean Section for Universal Use”

Presentation 17: Aleece Fosnight
Association of PAs in ObGyn, USA
“TBA”

Presentation 2: Carlos Penha Goncalves
Instituto Gulbenkian de Ciencia, Portugal
“Maternal-fetal conflict during infection: Lessons from plental malaria”

Presentation 4: Ronald Grant
Swedish American Hospital, USA
“Evaluating the routine use of phototherapy in healthy, term Infants: Do we know the true Risk/Benefit ratio”

Presentation 6: Fiona Ellen MacVane Phipps
University of Salford, United Kingdom
“Infant Diaper Dermatitis (IDD) in the first 8 weeks of life: ‘Real World’ research results from 700 mothers and babies”

Presentation 8: Mideksa Adugna
Oromiya Region, Ethiopia
“Maternal and Child health Financing in Ethiopia”

Presentation 10: Katie M. Smith
Simpson College, USA
“A place at the table for intuitive eating in HELLP syndrome”

Presentation 12: A.B. Chitra
Chitra Maternity Hospital, India
“Role of Yoga in Periparium”

Presentation 14: Ali Kubba
European Society of Contraception and Reproductive Health, UK
“The other half of your Life; Thriving in the Menopause”

Presentation 16: Maurizio Filippini
State Hospital, San Marino
“The Laser treatment of the Vaginal atrophy”

Presentation 18: Jan G. Nijhuis
Maastricht University Medical Center, Netherlands
“The differential diagnosis of the pseudo-sinusoidal fetal heart rate pattern (SHR)”

Presentation 19: Kaname Takeda
Kansai University of Welfare Sciences, Japan
“Is the sitting balance stable in postpartum?”
Presentation 20: Gigi Selvan  
Annai Velankanni Hospitals, India  
“Ultrasonographic in Labour room - Does it help?”

Presentation 22: Jing Song  
Albert Einstein College of Medicine, USA  
“The old concept and the new concept of the relationship between PDPH and BMI in pregnancy women”

Presentation 24: Dick Tibboel  
Sophia Children’s Hospital, Netherlands  
“Long term follow up of major congenital anomalies; an integrated and interdisciplinary approach”

Presentation 26: Antonio Ruggiero  
Catholic University, Italy  
“The role of the FDG PET-CT in patients with Ewing sarcoma”

Presentation 28: Carmela J. DeCandia  
Artemis Associates, USA  
“An Ecological Perspective to Screening young Children for Risk and Resilience”

Presentation 30: Barbara Medoff Cooper  
University of Pennsylvania, USA  
“Biotechnology in Health Care: Recent Advances and Innovations”

Presentation 32: Yan Wang  
University of Pennsylvania, USA  
“The Advance Treatment in Neonatal Development”

Presentation 34: Jorge Elias Munoz Moya  
San Borja Arriaran Clinical Hospital, Chile  
“Inflammatory myofibroblastic tumor: Variable presentation of the same pathology”

Presentation 21: Mohamed Nabih EL-Gharib  
Tanta University, Egypt  
“Female Genital Mutilations A Persistent Violence Against Woman’s Health and Rights”

Presentation 23: Sharon M. Figliulo  
Rush University Medical Center, Chicago  
“Offering GNRH Agonists for Fertility preservation in female adolescent and young adult cancer patient: A new standard of care?”

Presentation 25: Rita P Verma  
Nassau University Medical Center, USA  
“Current Pharmacological Management of Early Postnatal Hypotension in Extremely Premature Infants: Controversies, Complications and Adverse Outcomes”

Presentation 27: Carmelo Romeo  
University of Messina, Italy  
“New Pharmacological strategies for the treatment of Balanitis Xerotica Obliterans in children”

Presentation 29: Rafael Gorodischer  
Ben-Gurion University, Israel  
“Pharmacoepidemiologic Aspects of Human Development”

Presentation 31: Ana Rita Brigido Maia  
General Practitioner at USF, Portugal  
“Parents Role in adolescent catastrophization - Review”

Presentation 33: Nataliya Balashova  
University of Pennsylvania, USA  
“RTX-toxin confers cytotoxicity to Kingella kingae and promotes the infection development”

Presentation 35: Zora Raboteg-Saric  
Ivo Pilar Institute of Social Sciences, Croatia  
“Parental child-rearing practices, peer pressure and substance abuse among adolescents”
Explore Porto, Portugal

Porto could be a fascinating and spirited town that's apace changing into one amongst Western Europe's most revered holidaymaker destinations.
